Hs2

Brightest Compact Headlamp for Running

MARKET APPLICATIONS:

Night running, camping, mountaineering and other outdoors activities.

UPC:

6926540907439

DESCRIPTION

HS2 is a headlamp made of aluminum alloy material designed for runners. While offering excellent light output, it is super compact and lightweight, giving you an unrestrained user experience. HS2 has a light source of two LEDs which, through the lens, can give either a surrounding beam for close-range illumination or a narrow, converged beam for far-range lighting. The built-in rechargeable Lipo battery has a high capacity that is able to support a runtime up to 18 hours. It gives an effective low battery warning through continuous beeping while the power goes below 10%. HS2 is a headlamp that assures you of comfortable and convenient use at any time.

Switch

Long-range focused beam LED

Close-range soft beam LED

Cable slip

180 degrees rotation of light head

Power level indication button

Power level indicators

Micro-USB charging port

Hs2

Brightest Compact Headlamp for Running

FEATURES

- Super lightweight. It is made of lightweight aluminum alloy material with a compact uni-body structure.
- Wide illumination area. Its dual LED light source with TIR optic lens give either independent low beam (close-range light), high beam (far-range light) or a mixed beam combining both of them.
- Great runtime. It has a 2000mAh Lipo battery pack that supports a runtime up to 18 hours for continuous use.
- Alternative lighting easily available. In case the provided battery pack runs out of power, the headlamp can still be powered by any external Micro-USB power source and resume normal work by plugging the charging cable to it, further extending its runtime.
- Smart power level indication. Four-level battery power indication and low-power beeping sound warning in addition, helping to keeping you updated of the power status.
- Gradual brightness changes. When turned on/off or changing modes, the brightness will change gradually to protect eyes from the stimulation caused by sudden brightness changes.

OUTPUT

FIH STANDARD	MODE 1	MODE 2	MODE 3	MODE 4
	400 lumens	200 lumens	100 lumens	50 lumens
	2h 12min	4h 30min	9h	18h
	85 m			
	1,800 CD			

* The above data is the test results using the built-in fully charged 2000mAh 3.7V Lipo battery based on ANSI NEMA FL 1-2009 standard under 20°C in windless conditions.

LIGHT SOURCE

Cree XP-G2 CW

DIMENSIONS

Headlamp:

Length: 1.77in/45mm
Width: 0.91in/23mm
Height: 0.94in/24mm

Battery Pack:

Length: 2.80in/71mm
Width: 1.65in/42mm
Height: 0.75in/19mm

Weight: 4.06 oz/ 115g

BODY MATERIAL

Aluminum Alloy

BATTERY SOURCE

2000mAh 3.7V Lipo
