

Marauder 2 Orange Limited Edition

- Max 14,000 lumens with an 800-meter beam distance
- Toggle switch to quickly change from spotlight and floodlight modes
- Knob switch for instant activation and output changes
- USB-C rechargeable for quick charging or power bank function discharging

ADVANTAGES

✓ Extremely Powerful and Flexible

The Marauder 2 is the upgraded version of the X7R Marauder with an incredible number of new features. This light includes an 800-meter distance beam from the central LED, and a 14,000-lumen floodlight beam from 12 surrounding LEDs.

Marauder 2 Orange Limited Edition

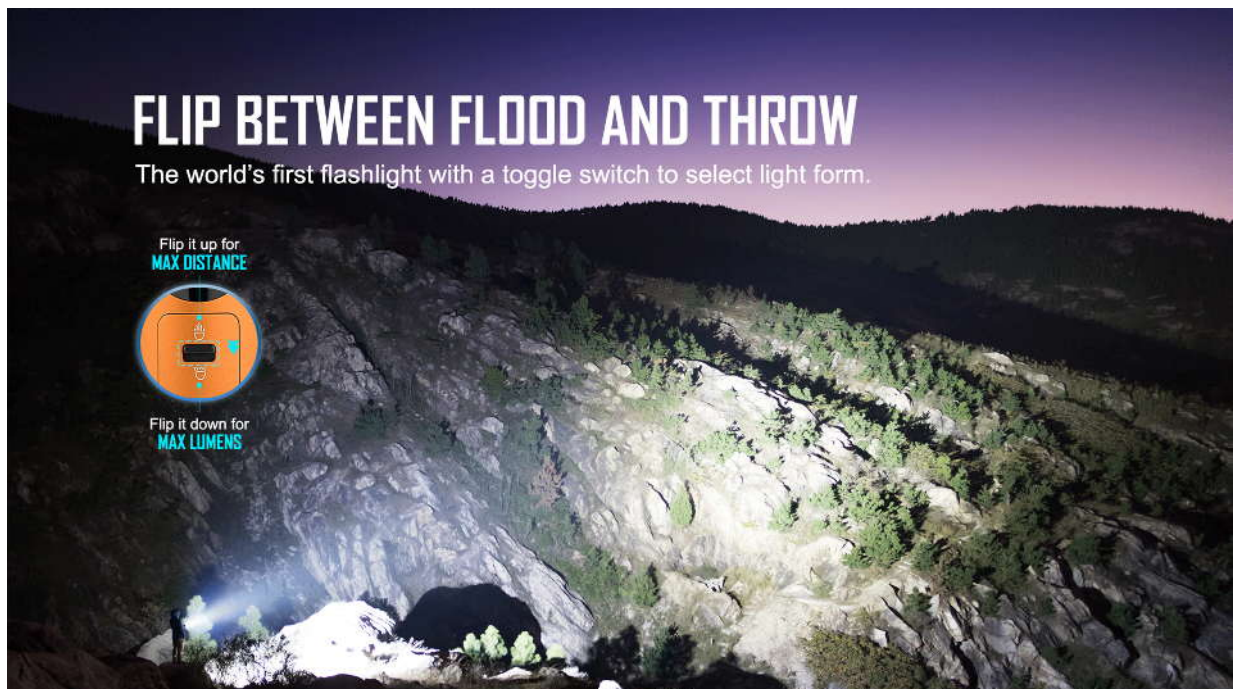

✔ Powerful Light Source

Secure light source for outdoor exploration. 14,000-lumen floodlight to illuminate a large area like the daytime. You will be able to see everything around you.

✔ Free Conversion In Hand

A simple toggle switch to select either spotlight or floodlight. The toggle switch at the middle is quick to select either spotlight or floodlight, while the upper rotary knob is intuitive to adjust brightness levels.

Marauder 2 Orange Limited Edition

✓ Double Button Cooperative Power

Flip the toggle switch to choose between each light form. Rotate the knob switch to adjust output. Quick and simple.

✓ Equipped With Powerful Power Supply

Capable of 30W charging and 30W reverse charging. Only take 2.5 hours to fully charge. Able to charge a phone, a pad, or any device that uses a USB-C power source.

Marauder 2 Orange Limited Edition

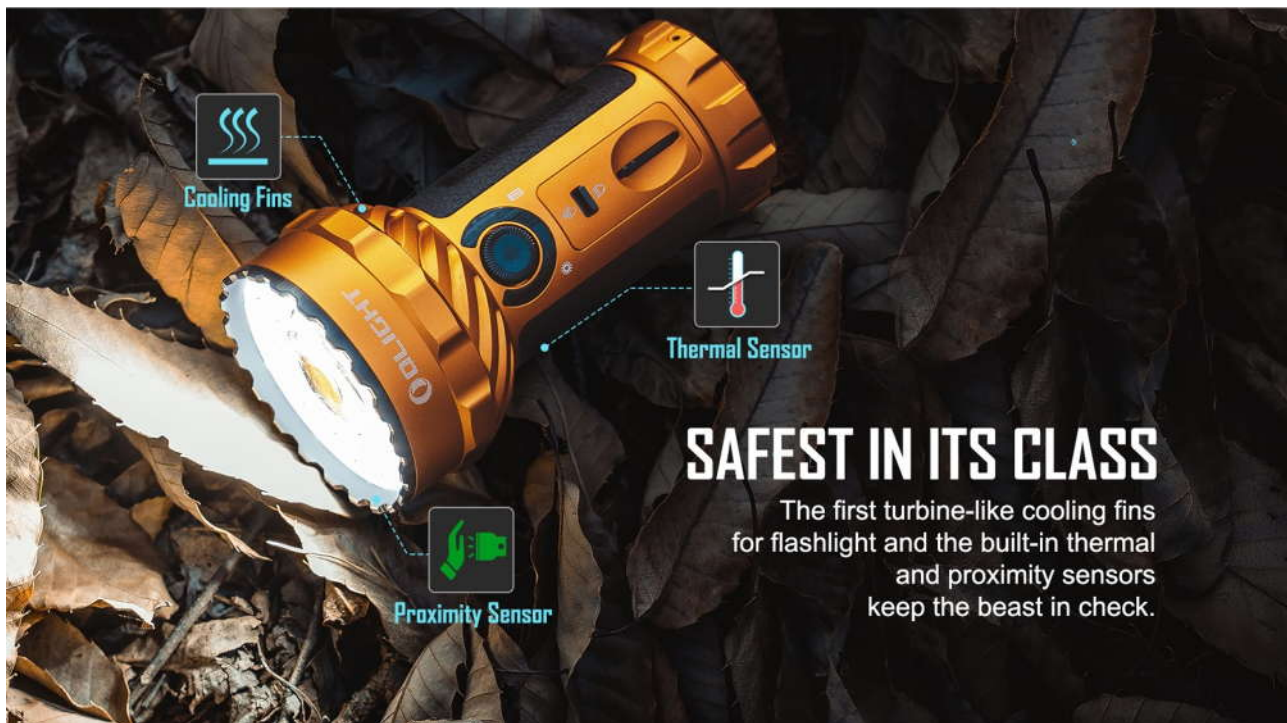

✔ Smart Lockout & Unlocking

An intuitive rotary knob switch to turn on the light and circle through 7 output levels. (Note: Rotate the knob switch quickly over 90 degrees to unlock it.)

✔ Built-in Proximity Sensor

Safest in its class as it has a thermal sensor, a proximity sensor, and cooling fins to protect against overheating and obstruction.

Marauder 2 Orange Limited Edition

✓ New Interface Design

Its upgraded USB-C charging port allows fast charging and reverse charging, and is shielded by a port cover resembling aperture blades.

INGENIOUS PORT COVER

Like aperture blades, twist the tailcap counterclockwise or clockwise to open and close the dustproof USB port cover.
