Olight® S1R Micro Dok III

INTRODUCTION

The Olight Micro-Dok III is a new charging dock for rechargeable S series of Olight flashlights with reverse battery installation. While this new dock retains the features of charging through USB ports and a magnetic charging contact base, it is also equipped with three suction cups on the bottom to increase the stability of this device while it is working. Also it has a nice blue sticker around the circular magnetic base.

NEW FEATURES:

- ※ Three suction cups on the bottom base of the new Micro-Dok for enhanced stability during the charging.
- ※ Nice blue sticker around the circular magnetic base.
- ※ Compatible for S30R II, S1R, S2R, S10R III, S30R III.
