

## Olight RN 1200 Bicycle Headlight

### Olight RN 1200

- ✓ All in one road bike light with 1200 lumens max output, perfect for mountain biking, trail crossing, road cycling and daily commuting.
- ✓ Anti-glare lens for oncoming traffic, increase riding safety.
- ✓ With USB-C fast charging and discharging port, the RN 1200 will act as a mobile power bank for your USB-C compatible mobile devices.
- ✓ All integrated design and fine craftsmanship make RN 1200 IPX7 waterproof, allowing full function during heavy downpours.
- ✓ Compatible with all Garmin quarter lock style handlebar mounts, helmet mounts, out-front mounts, and GoPro adapter.

# Olight RN 1200 Bicycle Headlight

## RN1200

### The Bike Light for Any Journey

Whether it's your daily commute or a casual ride around the block, the *Olight RN1200* is the bike light for you. With a 1200 lumen output and additional side visibility, this light is perfect for trail or mountain biking as well as road cyclists. An anti-glare lens softens the beam when other cyclists are approaching, thus increasing your safety while on the road.

### USB-C Charging and More!

Equipped with a built-in USB-C charging port and 21700 battery, charging is super easy and convenient for you. The RN1200 can also be used as an emergency powerbank by using the USB-C port for discharging into your phone or another electronic device. Afraid of running out of power? No problem. This bike light has a battery indicator providing you real-time information regarding the remaining power.
