

Alternate Ink Cartridges

I have found an ink refill that fits the O'Pens except for the Mini which it is too fat for.

This is a Lanier Refill - 3 Schmidt 8126Mini Capless System Rollerball Refill Blue Fine Tip that I found on Amazon. I'm sorry to say I don't find any of the factory offerings working well for me. This Lanier is great, and it's made in the USA.
