New Product in October for Yellow & Blue & Red & Black Diamond & Legend Members

3.2 13 reviews

\$109.99 ~~\$219.99~~

You can use up to 1098 O-coins to deduct \$5.49 per item.

Features

- * Dear O'Fan, We've received feedback from some of you that this products from last night's trial sale sold out too quickly. Due to website issues, some of you were unable to complete your purchase. To express our apologies, we plan to secure additional stock from our headquarters, expected to arrive at our VA warehouse next Tuesday.**
- * Please note the current purchase of this product is limited to Yellow, Blue, Red, Black Diamond and Legend customers. The final product could differ from this prerelease version. Please do not disclose any picture, price or other information to others, otherwise, the purchase qualification will be canceled.**
- Innovative O-Aluminum for Endurance:** Introducing the industry's first O-Aluminum, a revolutionary housing material incredibly tougher than 7075 aluminum. O-Aluminum redefines durability, offering a protective housing that resists daily wear and tear to keep your optic in top shape—even after extensive use.
- Industry's First Magnetic Charging Cover:** O'sight S introduces a pioneering magnetic charging cover featuring a battery display that reveals the precise battery levels for both the cover and the optic, making uncertainty certain. (20,000+ hours runtime on lowest mode.)
- 2 MOA Dot & 32 MOA Circle:** The multi-reticle system empowers you to customize your sighting solution and instantly adapt your aiming point to any environment. The aspherical, multi-coated lens ensures parallax free, paired with the versatile reticle for rapid and precise target acquisition across diverse shooting scenarios.
- Enclosed Optic with RMSc Footprint:** Featuring the industry-standard RMSc footprint, O'sight S allows for rapid mounting. The enclosed optic delivers exceptional flexibility and compatibility, ensuring seamless integration across a multitude of platforms.
