The S2R Baton II is the upgraded version of the popular S2R Baton predecessor.

It has a compact build (5% shorter than S2R Baton) for easy grip and portability.

The light can produce a maximum output of 1,150 lumens including an upgraded TIR lens that produces a perfectly balanced beam.

It has several modes to choose from including three standard modes, turbo, moonlight, and strobe.

The S2R Baton II features a battery indicator located on the side switch so you always know when to charge. It boasts a new MCC 1A magnetic charging system to ensure faster charging in a smaller form factor.

The S2R II also features a dual direction pocket clip for enhanced everyday carry.

Features:

CW LED with a maximum output of 1,150 lumens.
